ABOUT

Specializing in Office Interiors, Restaurants, Retail Store Fixtures, Dental Clinics, Medical Facilities & Labs

Rob Pawluk - Owner

Rob Pawluk created Celista Cabinetry because he loves woodworking. He appreciates and enjoys the challenge of producing high quality cabinetry and custom millwork by utilizing the latest technology available and a lifetime of experience. Rob spent 27 years operating a millwork business in Edmonton, Alberta, followed by 15 years as a partner in a national software firm specializing in woodworking. Rob combines his vast knowledge of cabinetry and technology to deliver the highest quality results to his clients.

Ben Pawluk - Production Manager

Ben Pawluk joined Celista Cabinetry to fulfill a lifelong dream of helping run and manage a woodworking shop. Starting out as a young boy in his father's shop, Ben went on to apprentice at a shop in his hometown of Edmonton, Alberta, before completing his journeyman and Red Seal Cabinet Making certifications at the Northern Alberta Institute of Technology.

Following that, Ben ventured into the software side of woodworking where he spent the next decade training and helping automate businesses across Canada. He now rejoins his father, Rob, at Celista Cabinetry, bringing over 15 years of experience to his current role as the company's production manager.

In his spare time, you can find Ben making music and enjoying the beautiful golf courses of British Columbia.
